

Update your GuideStar Nonprofit Profile

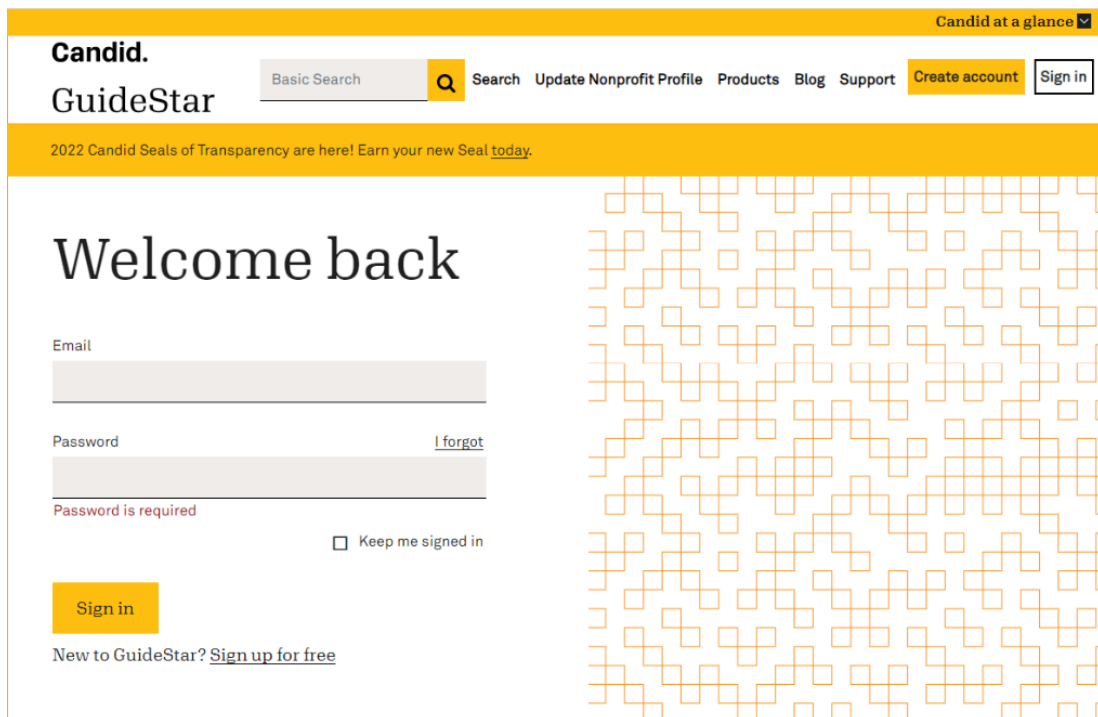

Overview:

GuideStar is a philanthropic research database by Candid used to log and search for nonprofits all over the country. GuideStar can be accessed by individuals and foundations that award grants, like the IRCF. A GuideStar profile can help put your nonprofit on the map so your actions can be rewarded through grants and exposure.

How to Set-up and Use:

Candid uses a tiered seal system: Bronze, Silver, Gold and Platinum. These seals are placed on your profile based on transparency. The more information that you display, the more traction your profile gets on site.

First, log in to GuideStar [here](#).
